Lee is a barrister from the UK who specialises in complex and high value disputes and his practice extends across a broad range of commercial law, both in advice and advocacy. His work is principally focused on:

- international and multi-jurisdictional banking disputes
- corporate and personal insolvency
- money laundering and asset tracing
- commercial and white-collar crime
- general commercial disputes involving breach of contract, breach of trust, negligence and aspects of residential and commercial property law.

Lee's practice also encompasses several niche areas including defamation, aviation, competition, intellectual property and trademark infringement, and taxation.

Areas of Practice
